

NORTH EAST WORKFORCE SKILLS PROGRAMME

Newcastle College

Leigh-Anne Young, Headteacher
St Bede's Catholic Primary School, part of Bishop Bewick Catholic Education Trust

Why did you choose Newcastle College?

Newcastle College is a local, well established college provider and was offering the Emergency First Aid at Work course, which is an essential qualification for staff working in the primary sector.

What training have you accessed?

Emergency First Aid at Work.

In terms of accessing the ESF Funding through North East Workforce Skills, how easy was that process?

It was very easy to access and the Skills Trainer came to us, bringing portable simulation equipment.

How have you benefited from the training?

It is of course a vital area of training but sometimes long sessions are difficult to maintain enthusiasm and interest. The Trainer did a fabulous job and staff thoroughly enjoyed his presentations and were very keen to participate and ask questions, which is a credit to his delivery!

What did you like about the training?

The high-quality training that we received from the Skills Trainer during the sessions. The staff were very responsive and full engaged and the delivery was the best we have had in relation to this area, and we have had a few different Skills Trainers over the years!
